

# SUCCESS WITH INTENTION

Hall of Fame Keynote Speaker  
**DAVID PENGLASE**

We live in a world where the **NOISE OF DISRUPTION** and change has become **THE NEW NORMAL**. Leaders and employees across all divisions, industries and professions need to gain **INTENTIONAL CLARITY** so they can:

- ✓ Avoid the crippling effects of compounding disruption and overwhelm
- ✓ Create and commit to clear visions while being flexible to operate with vague goals
- ✓ Prioritize more quickly to better manage competing stakeholder demands
- ✓ Be curious and creative to discover solutions to problems before they arise
- ✓ Fast track their capacity to earn and maintain trust- the foundation for collaborative success
- ✓ Discover ways to compete and collaborate to maximize opportunities for growth
- ✓ Have the courage to 'self-disrupt' to be more mindful in more moments that matter more often.
